Customer Reviews

Quick delivery and great book. We have Retired Senior Volunteer Singing group that perform weekly at nursing homes and the folks enjoy the songs from this book and another hymn book. They especially enjoy the familiar ones. The music is written in Soprano, Alto, Tenor, Bass and the arrangements are easy to play and sing. The spiral binding makes the book "behave" on the piano so it doesn't need to be held by anyone and there is no page turning required to complete one song. In other words if the song is written on two pages, the two pages face each other. Notes are large which is helpful for older eyes and dim lighting.

Got this for my son who is legally blind and plays guitar. The notes and print are large enough he can make them out. The book opens and lays flat nicely for him. The size and spiral binding is what got me to try it and I am glad I did.

I ordered the LARGE size books. We have a Sr. Choir at our church and now they can see the words and music very clearly and it is excellent even if they "forgot" their eye glasses! Everyone is happy with these books. I also received them in "good time!" Took about 3 to 4 days and we were in business. It was a good buy to say the least! (The teens don't want to use the smaller books anymore either, so they borrow ours!)

My church has a tiny volume just like this. It's probably 1/3 the width and length with a full set of pages. I was so glad to find this "Large Book". It makes it much easier to use at the piano or organ.

Being raised on Country Gospel and listening to the old songs brings comfort and personal revival. However, I have forgotten a lot of the words through the years. Country & Western Gospel Hymnal Volume 1 has given to me the words of the songs I cherish and I can sing these songs with a renewed love and joy of years gone by of precious memories. Thank you so much.

I have the very small version of this hymn book, so it is nice to finally get one that I can easily see when playing the piano. I gave 4 stars because to me an in-between the smallest size and this extra

large size would be perfect :-)

Our youth group used songs from this book when I was a teenager. I love the large type for my older eyes as well as the spiral binding that makes it rest on my piano without flipping pages. Takes me back...

Well the choir at New Elam Christian Church is very happy to have a large book that they all can read easily. the tiny ones we had made life interesting. Thanks for the quality of the hymnals... Billy
