# An Introduction To The Keys Of Enoch

## Synopsis

This book contains twelve of the 64 Keys in The Book of Knowledge: The Keys of Enoch. These Keys are selected from the larger book to provide an excellent overview of the Teachings, as well as a good book to share with friends. The Keys of Enoch are to prepare Humankind for the quantum leap forward in communication with the worlds of Higher Evolutionary Intelligence.

## Customer Reviews

So glad I ordered this first, before ordering the complete book of the Keys of Enoch! I highly recommend delving into this first as it all is a complicated read! Or at least, for me it was ;)

This is an encapsulation of the Book of Knowledge. Some is word for word. At first I was disappointed that the information was the same. However, it is much easier to grasp and then go on to The Book.

An Introduction to the Keys of Enoch by J. J. Hurtakis Twelve Selected Keys from THE BOOK OF KNOWLEDGE:THE KEYS OF ENOCH by The Academy For Future Science12 of the 64 Keys of Master Control Enoch and MetatronA Teaching Given On Seven Levels to be Read and VisualizedIn Preparation for the Brotherhood of Light, to be delivered for theQuickening of the "People of Light"here is a quote from the Prologue "... The Keys open the "mind locks"of consciousness for the Divine Mind to be seeded directly within ourinnermost mind so we can begin

to think in divine pictures which trace and compose many scenarios of creation..." in the Introduction, page xv from the main book, here is a quote: "...The energy words are to be used to code your body directly into the Light...to place these ancient energy words into English, modern Indo-European languages, or some other language, would deprive consciousness of a direct experience with the power of the Sacred Language..." here is a quote from page 101, the main book: "...When you use Egyptian-Hebrew-Sanskrit-Tibetan-Chinese words to prime the thought vibrations to flow into your third eye area, the languages will open channels of crystalline vibration within you so that your body can work directly with the Higher Intelligence through telethought communication" each one of The 64 Keys start with Hebrew Fire Letters (or Egyptian-Hebrew-Sanskrit-Tibetan-Chinese) i do not know the difference, and they are also written in plain language, so beginners like me can begin to understand what seems like some very complex spiritual teachings.....the main thing I learned in THE KEYS OF ENOCH is about how the GREAT PYRAMID connects us to higher dimensions in creation

For anyone reading or intending to read The Keys of Enoch, this book serves as a great companion of understanding.

An intriguing work for all those people hungering for a deeper meaning to life and resolution of seemingly impossible problems on Earth. I doubt if anyone but Dr. Hurtak understands this book. And I have never met anyone whose life was transformed by reading and studying this work and other material from the Academy. So like other works, this will disappoint. I think we need to drop all this stuff and learn to master meditation and stilling the mind.

This book contains such deepness. It contains so many answers to questions that we humans have. I recommend this book to any one who is seeking for the truth about who we are, and why we are here.

I have been exposed to J J Hurtak's full book The Keys of Enoch and found it difficult to understand. By titling this one An Introduction I believed incorrectly that it explained some things about the content to make it more understandable. Unfortunately, this is incorrect. It is only a reprint of the first 12 of the 64 keys of the full book.

I initially thought that this book may be a detailed explanation of the 12 selected keys from the book,

"The Keys of Enoch". However it turned out to be a reproduction of these 12 keys from the original book. The author has selected the keys to introduce the new reader to the otherwise very erudite book the reading of which is quite a daunting task. Since I have just started the study it is proving to be helpful. It would perhaps been more helpful if the author had added some explanatory material to assist the new student of the original book.
