DK Readers L2: Astronaut: Living In Space

Synopsis

Perfect for kids who have started to read but still need some help, this Level 2 DK Reader explores the fascinating world of an astronaut and what it is like to live in space. With longer sentences, increased vocabulary, information boxes with fun facts, and a simple index, this book shows young readers what it's like to hold down a job in zero gravity.

Customer Reviews

Our toddler is fascinated with space and this is better than advertised to explain what an astronaut is! You can turn on NASA TV but having this little L2 reader is a great resource guide. Perfect for age appropriate information.

My grandson wants to be an astronaut. Got him this book. He loves it. It wasn't exactly what I wanted, but it will do

Very good book to get children introduced to the life of an astronaut. I gave this as a birthday gift for a 5 year old

Great book. My space loving son adored it

Purchased as a gift for a five year old. Like how it displays real world photos. Easy to read.

It is very self explained! My son wants to be an astronaut and this book did not disappointed us!

Perfect book for a child who is beginning to read.

Great little book.
