Customer Reviews

In her light and honest style, Patsy Clairmont shares humorous anecdotes that emphasize how wonderful it is that we are all unique individuals. All of the short stories illustrate how God loves us the way we are (warts and all!) and how He created each of us with different personalities and abilities. Ms. Clairmont will leave you feeling uplifted and encouraged - whether you're "normal" or not!

Patsy has a wonderful way of intertwining the scripture with modern life. This book made me laugh out loud, her humor is unbelievable! Very funny yet she conveys her message, her connection with the scriptures.

Patsy is one of the funniest and best writers/speakers I know. I've visited with her in Plano TX and on the road with Women of Faith. She had a phobia where she didn't leave her home for a long time. She's overcome it and now travels the world, finding humor in most situations. Her books are ones you want to share with anyone who needs uplifting with humor!

I loved this book. I felt like I got to know the author. She is very down to earth, sweet, and funny. It was filled with stories about our emotions and how they can get us into trouble at times. I realized that I was trying to be normal, when there is no such thing. I really enjoyed reading it.

Patsy Clairmont writes and talks to women about everyday issues that we all encounter, and she does it with great humor!

Wonderful sharing of knowledge with a sense of humor. Let's us know we're all human and yet we can forge ahead!

This book is written as if the author is having a conversation with you. I really enjoyed reading this book.

Such a great and humorous way to present life and letting things go that don't matter.
