Customer Reviews

Excellent synopsis of the Catechism. Perfect for teaching. Almost reminds me of the good old days with the Baltimore Catechism. Plain, solid, orthodox Roman Catholic language. No blurring of the facts. No "militant modernization or feminization" of the text. A joy to read.

As an instructor in the Catholic Church RCIA program, this book is quite valuable as a teaching tool. Many of us who remember the Baltimore Catechism will find this question and answer approach a good companion to the US Bishops Adult Catechism, which came out in 2006.

This Compendium is very important, great guideline for those who want to know more about what is really important in life, important for Christians and not Christians.

The "compendium" is a great resource for anyone wanting to better understand the Roman Catholic faith as well as those involved in ministry in a parish or diocesan setting. The information is presented clearly and is a valuable reference tool and companion to the Catechism. I highly recommend it being in your library along side the Catechism.

Condenses the Catechism topics well! I use it after reading the related paragraphs in the

Catechism. Arrived looking brand-new! Yes, I recommended it to my prayer group!
