The Acts Of The Apostles: Ignatius Catholic Study Bible

Synopsis

Large format, featuring large text size and additional margin space for personal annotations! The larger format enhances both individual and group study. Based on the Revised Standard Version - Catholic Edition, this volume leads readers through a penetrating study of the Acts of the Apostles, using the biblical text itself and the Church's own guidelines for understanding the Bible. Ample notes accompany each page, providing fresh insights and commentary by renowned Bible teachers Scott Hahn and Curtis Mitch, as well as time-tested interpretations from the Fathers of the Church. These helpful study notes make explicit what Acts often assumes or they provide rich historical, cultural, geographical or theological information pertinent to the readings - information that bridges the distance between the biblical world and our own. The Ignatius Study Bible also includes Topical Essays, Word Studies and Charts. The Topical Essays explore the major themes of Acts, often relating them to the doctrines of the Church. The Word Studies explain the background to important Bible terms, while the Charts summarize crucial biblical information "at a glance". Each page also includes an easy-to-use Cross-Reference Section that runs between the biblical text at the top of the page and the annotations at the bottom. Study Questions are provided for each chapter of Acts that can deepen your personal study of God's Holy Word. There is also an introductory essay covering questions of authorship, date, destination, structure and themes. An outline of Acts and several maps are also included.

the material is excellently presented with footnotes explanatory and thought-provoking of dialogue; the type is large and legible for older students compared to the original book which had much smaller text;

I love these books. I am working my way through the entire Bible and like to underline and make notes. I don't want to do that in my regular Bible, as it bleeds through the pages. All the extra's are great too. I am learning a lot and growing my faith.

This is a great teaching aid book for anyone, even for personal use. It is clearly written, and it has detailed notes explaining each thing that you read. I am using it for my son for Homeschooling. It has been very useful in learning for both of us. Thank you, also fast shipping.

While the book itself is great, we just realized our copy is missing pages 1-6, 9-24, and 57-72. In addition, pages 25-40 are in there twice. Unfortunately for us, as we just got around to using this book for religion class, it is too late to return it! I strongly advise you to check this book thoroughly for the correct pages as soon as you receive it!

For the novice Bible lover this annotated book of the Bible is just what you need for in-depth study interpretation

Great study guide for discussion groups who want to learn more about the Acts of the Apostles. Clearly not an in-debt work but more than adequate to explain to the average reader. Perfect support material for a classroom or Bible study group who is studying the Book of Acts.
