Nelson's Student Bible Dictionary: A Complete Guide To Understanding The World Of The Bible

Synopsis

Nelson's Student Bible Dictionary presents nearly 2,000 definitions, representing the best in biblical scholarship, in a convenient and colorful package. Photographs, illustrations, charts, maps, and topical entries invite browsing and make Bible study fun. You will want to take Nelson's Student Bible Dictionary wherever you take your Bible. Quotations are from the NKJV, but the dictionary includes references specific to the KJV, NIV, and NRSV. It can be used with any modern English translation of the Bible.

Customer Reviews

This dictionary is a wonderful tool to use when you read your Bible and you stumble upon words that you do not know the meaning of. It is nicely illustrated and it gives you alot of information and scriptures to different topics. I would recommend this dictionary to everyone!

As a Bible College Student this book has lots of resources to help me in my journey while writting papers and researching

This book is a great tool for young people. It's easy to read & understand & has lots of information. Great side book to have next to your bible.

I purchase this Dictionary for my own use it is very detailed and other vital information it breaks down the scriptures in detail i will be purchasing a few more to give as gifts to my church familyand

you can't beat the price so worth it

This is not a big book but has a lot of information. I've only had it about two weeks and I've already used it to look up 4-5 items. Only one of my subjects was not listed - and it was a bit obscure so I'm not surprised. This is not the definitive bible dictionary by any means, but for most items it gives a good explanation plus bible references. Additionally, this book gives a "study outline" for each book of the bible which is also helpful. Recommended.

I bought this for my Kindle DX which has search function. I was very disappointed to find out that this ebook is not indexed and has no search. You can go to the first letter of a word then you have to turn pages until you get to the word you are looking up. And if you already have a Kindle you know how slow it changes pages. This makes the Kindle version of this book pretty much useless. The information within this book is great though. So if you are considering the print version then I recommend it.

Great book, I love it, and you can't beat the price. I recommend this bible dictionary it's very helpful. The delivery was fast also.

This has been a helpful source. I have it on my Kindle along with the Chronological Bible. So if the Bible doesn't have a footnote explaining a person, place, etc., I check the Bible Dictionary which has been helpful. Sometimes it has been hard to find a word but I think that has been the "fault" of the Kindle not the source itself.
