# Fancy Nancy And The Fall Foliage

## Synopsis

Fancy Nancy is back in New York Times bestselling team Jane O'Connor and Robin Preiss Glasser's picture book series. Fancy Nancy loves fall—the fashion, the weather, and especially the colors of the leaves! As Fancy Nancy helps Mom and Dad rake the leaves outside in *Fancy Nancy and the Fall Foliage*, she gets a stupendous idea to do something unique with the most beautiful leaves she finds. Join Nancy as she celebrates the changing of the seasons in this storybook adventure—complete with a fabulous set of stickers!

Age Range: 4 - 8 years

Grade Level: Preschool - 3

## Customer Reviews

We are usually huge Fancy Nancy fans in my house. This book is a huge disappointment. There is a typo, the story has none of the wit of the others, and the ending is oddly about Christmas. I know it is "based on the work of Jane O'Connor," and not written by her, but I had hoped there would be some quality in the copy. We own and love many, many Fancy Nancy books but I can not recommend this one.

The Fancy Nancy books by Jane O'Connor and Robin Preiss Glasser are fantastic. My four year-old

daughter and five year-old son both enjoy them, and I do not mind reading them to them. I enjoy graphic novels and sequential art, and these books simply have strong illustrations - autumn books, with the fall colors, are particularly nice. Fancy Nancy has a universe going. Her father, mother, sister, friends, and teacher, Ms. Glass, provide a nicely realized world of interested, caring adults, and the books have a nice use of vocabulary that is not too complex to teach children new words in context.

I agree with others that this is missing a lot of the classic FN charm. seems like they phoned this one in. I liked the idea of learning about fall foliage, but thought there would be a little more about fall traditions (pumpkins patches, apple picking, etc.) This is strictly focused on leaves and kind of boring.

It is fall which is Nancy's favorite season. She offers to help her parents to rake leaves, but spends more time collecting the beautiful and colorful leaves. She then decides she must do something new and special with these leaves. (I will not give away what that is) Although Jane O'Connor and Robin Preiss Glasser are given credit on the front cover, O'Connor did not write this book and Glasser only created the front cover. The inside illustrations are created by someone else. The illustrations are colorful and invite a sense of fun. But the writing is most definitely missing the spark you would find in an original Fancy Nancy book. However, the story is still an enjoyable one in which children can learn new words so I can still happily recommend it, especially during autumn for ages 3-7.

Nice paperback. My little one loves Fancy Nancy. Only cover art is by Robin Preiss Glass. I prefer the books that are hardcover with all of the artwork by Glass. But a cute book.

I love this book. my grand daughter does too. She is reading all my Fancy Nancy books. This one is great as we change seasons. Always fun.

My daughter Nancy is collecting the Fancy Nancy books and this was a birthday gift for her. It came in great condition.

My granddaughters loved this book
