Product Dimensions: 0.2 x 10 x 8 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 starsÂ Â See all reviewsÂ (28 customer reviews)

Best Sellers Rank: #94,329 in Books (See Top 100 in Books) #83 inÂ Books > Children's Books > Education & Reference > Science Studies > Anatomy & Physiology #1636 inÂ Books > Children's Books > Science, Nature & How It Works #5844 inÂ Books > Children's Books > Literature & Fiction

Age Range: 5 and up

Grade Level: Kindergarten and up

Customer Reviews

my 4 yr ols grandson enjoys this-it would be good for a 3 yr old also!

We used this for a homeschool unit (1st grade). It's a good book for teaching kids the basics about worms. It does not go over parts of a worm. I like the vocabulary words in the back. There is no character or storyline and some might want that.

I love to use Night Crawlers in my classroom. This is an excellent book to use along with the hands-on activity.

I loved this book!!!! I teach preschool (3-5 year olds) and this book is perfect for my circle time with them. It is educational as well as fun. We are doing bugs & insects this session for my curriculum and it is so hard to find good books to read for such a short circle time that will keep the children focused. This was a great purchase. I will buy more from this author again!

The binding cover is very very thin, I would hardly recommend to look for a hard cover. It is a wonderful book worthy of your children's library, however this one will not last many readings the way it was made. Pity.

An informative book on earthworms. Young readers would be able to follow and understand. The book details the life and habitat clearly and is very interesting. I would highly recommend this book to parents and teachers. My students loved it!

Very good book that I use in my classroom. The students really like the illustrations and it helps them understand the things we have discussed about worms.

This is a great story book for a young child and will be a hit with our grand daughter, thank you author, you did a good job.
